Words fail me as I try to convey the impact of “The Bible -- Origin and Transmission” series.

Our men's club thoroughly enjoyed the studies as we projected the PowerPoint on the screen and followed along on the handouts

This was the first time our study has ever been on a Biblical issue.

Comment posted on the guestbook April 25, 2015:

Thank you for writing and relating what an impact “The History of the World” series has had on people in your lovely country -- Iceland. (The online photos reveal spectacular beauty.)

The Early Risers have been awestruck by how many Icelanders are actively studying the lessons. They have the Berean mindset as the apostle Paul described in Acts 17: 11.

Now these were more noble-minded than those in Thessalonica, for they received the word with great eagerness, examining the Scriptures daily *to see* whether these things were so.

I want to encourage you Icelandic brothers and sisters ... the more you study the Scriptures → the more you will know Jesus → the more personal revelation you will receive → and the more spiritual empowerment you will experience. The Lord's grace be with you.

A caller on our local Christian radio station mentioned your website.

They were discussing the Tower of Babel.

The caller said that the lesson would demonstrate the comparison between the Tower of Babel and Pentecost.

I was interested so I listened to the lesson 3 times. It was so fascinating.

Acts #4. Pentecost: God reverses the curse of Babel
Holy Spirit wants our buy-in, **NOT OUR SUBMISSION / OBEDIENCE**

After my third time of listening I got it.

Jesus died for all of my sins and that is the only reason I will go to heaven.
My life will never be the same. Thank God
