The consensus was that it was foolish for our group to begin a study of the Bible.

But others had done so and were so gratified.

Our venture proved to be a very profitable one as we truly learned of Jesus for  
the first time.

Appreciations are extended for the magnificent lessons.

**Iceland**

Greatly enjoying and fascinated by the studies of Pre-history.

{“Pre-History of the World” series}

I enthusiastically recommend the Bible origin series to professors, seminarians, pastors,  
and anyone who is a student of the Bible in any sense whatsoever

{The Bible – origin & transmission}

Fundamentally transforms our ideas of Scripture, how errors crept in, and the resolution.

A masterpiece, accompanied by excellent power point presentations.

This was such an exciting moment to discover this site and to listen anew to a professor  
whose teaching had such an impact on my life

And indeed the excitement was doubled as I recognized the power of the gospel of Jesus  
in every one of these lessons.

Therefore we have two sessions:

One for believers -- following the book of Acts  
{Acts – A Spiritual Travelogue of Personal Portraits}

One with an evangelistic outreach -- the history and science lessons  
{See Index for complete list of History and Science lessons}

Thank you kind professor - for then and now!

**Rio de Janeiro, Brazil**

## **August 2015**

I've oft heard the expression "born again" and dismissed it as religious jargon

These studies on the life of Jesus penetrated into a part of myself I did not  
even know.

{The Life of Jesus – Listening, not obeying}

I was startled when the cognizance of Jesus as my saviour was stirred

Life is all new

And vish! From a professor I knew so well and did not know.

**Rio de Janeiro, Brazil**

The Bible origin lessons have drawn incredible interest.

{The Bible – origin & transmission}

From scholars to laypersons the response is unanimously favorable.

Many are drawn to the Gospel for the first time

Thank you for the work involved in such an incredible presentation –

including the excellent PowerPoints

Bonjour! Based on the excellent pronunciation of French expressions I know the lecturer speaks fluent French.

I would like to express my admiration and gratitude for the superb lessons -- especially the Renaissance studies.

{History of the World #44 & #46}

These are the sole access to Bible teaching most here in the Latin Quarter have.

What many preachers do not grasp is that in order to be heeded the messages must be interesting and enjoyable - as are these.

Just to encourage!

**Paris, France**

Very exciting introduction to the Bible for me!

**Sao Paolo, Brazil**

*These lessons are the only light I have found in this beautiful and yet so dark place*

*Muito obrigado, professor!*

**Rio de Janeiro, Brazil**

The Bible origin messages are sent from God.

{The Bible – origin & transmission}

They are scholarly, accurate, full of light -- and are well received.

**Bonn, Germany**

EXCELLENT treatment of the Renaissance!

{History of the World #44 & #46}

But then I'm not surprised.

Nor am I surprised at the powerful Gospel message

Is Johnny still playing baseball -- and golf? EVERY DAY ? !!!!!

**Paris, France**

Dude this stuff rocks

At first it was like rolling off of me

But I kept groovin in

Now it like sticks to me like Velcro

It's not all about me. It's all about Jesus

That is wild

And cool music

The Stylistics. Oh yeah, talk to me

**Venice Beach, California**

The Bible origin series is a masterpiece of erudition and inspiration.

{The Bible – origin & transmission}

Because of them my brother - a former humanist professor - was saved,

along with his wife and daughter.

I know of many similar cases.

Exhilarating!

**Munich, Germany**

*SO thrilled to discover these lessons in the group into which I was fortunately invited.*

*I have learned of Jesus actually for the first time.*

*Thank all of you*

*first by the variety of messages,*

*Not certain where to begin I began at the beginning!*

*What marvelous stories.*

*And the most powerful result was that I learned of Jesus as a man then as my savior!*

*Que Dieu vous bénisse , professeur!!!!*
