

# Letters to Worldnet Grace Ministries

**August 2010**

Dear friends,

I cannot begin to describe how your sermons have changed my life. Months ago our pastor confessed from the pulpit that he had been teaching errors. He directed us to your website and even put the page on the screen with the address, which he also printed on the bulletin. {"Radical Grace" text series available at the bottom of the homepage}

He had been guilty of the "yeah buts" to which you alluded. {#5}

"I am totally forgiven...Yeah, but..."

"God will never punish me...Yeah, but..."

As we worked through your Grace study the church experienced a spiritual growth and power we had never seen before.

Interestingly, Sunday attendance went down gradually. The pastor predicted that would happen.

Thank you for persistent, never wavering, message of grace.

Dear Worldnet,

This is just a note to thank you for your Bible studies.

I've never encountered any teaching even remotely like this. I'm devouring your site.

**Montreal, Canada**

Your lessons on the Blessing Place of Christ have accomplished 2 things.

One, my life has been totally transformed. Jesus will never call me to account for my sins. Fearing that always put a barrier between Him and me. Knowing that He will never do that makes me love him and not fear Him. Now I'm free to draw on Him daily. What joy and spiritual maturity I'm experiencing.

Two, I persuaded our Precepts leader to let me play the audio of your sermon. It was total disaster with most outraged and a few enraptured. The class is suspended as the elders deal with the issue. Praise God!

Praise the Lord for your incomparable bible teaching.

There is literally nothing like it -- anywhere. No bombastic oratory, just straightforward exposition of:

- 1) what the bible actually SAYS, and
- 2) what it means.

All mixed with an appealing mix of self deprecation and humor.

I now get nothing from anywhere else.

So friends, so great news to know.

These wonderful news of god and his son Jesus are back for us.

Jesus is the only hope for me.

This is a note of thanks from a unique perspective.

I'm an unapologetic secular humanist with a definite agnostic leaning. I've heard and read much about the bible and Christianity. It's all blabbering mush.

I have to admit your studies are different. I find your intellectual, analytical approach to be extremely engaging and so appealing that I've downloaded and listen daily as I travel. I've also passed along the site information to like-minded colleagues who also enjoy them immensely.

You probably don't get much positive feedback from people like me so I wanted to pass my feelings along.

Good luck and best wishes

Thanks so much for your invigorating sermons. I confess that I'm envious of your congregation who hear these sermons weekly.

Our "church" consists of about 40 people who gather on Sunday morning and listen to your podcasts.

Keep on brother!
