

# Letters to Worldnet Grace Ministries

## January & February 2016

I was privileged to study in the US as a grad student.

During those years I was friended by many Christians.

I went to church and attended Christmas parties.

I often heard that we should remember the true meaning of Christmas.

I was amazed that I never heard clearly and specifically what is the true meaning of Christmas. Never.

I returned home and was drawn to the website by the remarkable history lessons.

{History of the World – Past, Present, Future}

I revisited the page recently and saw the series of Christmas messages.

{Life of Jesus #s 4 – 8; Topical presentation – God’s Christmas card}

I listened to each and drank in the words.

Now I know what is the true meaning of Christmas.

Christmas is the birth of my savior Jesus!

Oh tidings of comfort and joy

**Beijing, China**

Thank you as the Christmas lessons have given me my first Christmas with Jesus.

**Iceland**

# February 2016

I was encouraged to visit your site by several people who told me of the superb Christmas messages.

I was looking for nice stories for children but instead found Jesus as my Savior!  
The first lesson on Ezekiel was outstanding -- I am anxious to continue.

*{Ezekiel #1 - The Pivotal Prophet}*

## **Bristol, England**

I trusted in Jesus through the Acts (series).

*{Acts – A Spiritual Travelogue of Personal Portraits}*

I had heard of Ezekiel as a name only and completely enjoyed the first message.

Thanking my dear friends.

## **Iceland**

So excited to see the new Ezekiel message!

*{Ezekiel – The Pantomime Prophet #1}*

These lessons are a veritable godsend as my unbelieving friends and family will listen to them.

The clear pure Gospel is in every one without fail!

Now I understand the wonder that Jesus is my savior.

**Iceland**

The lessons have power.

We commenced as a morning group of 8 women.

We now are an evening group of 15 men and 13 women.

So many now believe!

**Iceland**

Of paramount importance: I tell all peoples of Jesus

**Beijing, China**

The groundbreaking studies on the Biblical approach to terrorism and mob control have broken through the public consciousness.

**ACTS SERIES – A SPIRITUAL TRAVELOGUE OF PERSONAL PORTRAITS**

***24. How the Roman Empire eliminated rioting***

***27 – 29. The Power of Radical Religion, Civil Government, & the Gospel***

Many governmental officials wish you would go away.

We are presently holding them accountable and the results are tangible.

Thank you for unflinching courage

The Gospel message is also certainly infuriating

**Western Germany**

The Ezekiel series has awakened my desire to know the Bible.

The dimensional discussion in Ezekiel was enthralling.

{Ezekiel – The Pantomime Prophet #2

Ezekiel’s Vision (by the River Chebar) of Living Beings

Supernatural Movement in Four Dimensions (4-D)

I also have enjoyed the early history lessons on the three families of man.

{History of the World # 4-6, 8-11}

The musical sections are perfect.

The Shem Ham Japheth closing was outrageously good!

History of the World #5

“Noah's Three Sons -- Shem, Ham, Japheth --

and the Interactions of their Descendants throughout History”

*Closing music: Frank DeVol: Theme to “My Three Sons”*

**London, England**

Prayer Shifts Balance of Power to God's loyal Angels

I learned that my familiar spirit was a stronghold.

As I grasped that he began to torment me day and night.

But I knew I must listen. So I listened to the studies of Ham.

{History of the World # 4-6, 8-11}

He tormented me as I learned the dark secrets you unearthed.

I felt there was no hope.

My fingers found Nicodemus. {The Life of Jesus #19, Ezekiel #2}

As I listened I trust in Jesus my Savior  
and commanded the spirit to leave me which he did posthaste.

Thank God and bless be His name forever and forever.

Amen
