**March & April 2018**

**In Honor and Support of Israel:**

**Esther & The Persian Empire:**

***God's Most Hidden & Most Active Hand***

The beautiful Purim message represented

the culmination of months of listening to these studies.

Ironically I continued to listen although they did not bring me the peace I wanted.

Until Yeshua spoke clearly to me through the minister.

Yeshua called me to Him and now I have true Shalom.

Jerusalem, Israel

Thank you does not express my gratitude for this wonderful teaching  
which led me to Jesus my savior.

The Hague, The Netherlands

The Bible origin series is a masterpiece of scholarship.

As a teacher of the Septuagint I was fascinated

by the depth of the knowledge of Greek.

The professor is able to grasp and articulate the nuances of the language as no one else.

I am beginning to enjoy the religious teaching as well.

Athens, Greece

## THE EASTER STORY

**The crucifixion, burial, & resurrection of the  
Savior -- Jesus Christ**

***Lessons #58 - 60 are from "The Life of Jesus"  
series***

Easter messages!!

I trust into Jesus !!!

Tokyo, Japan

I listened against my wishes to every one of the Easter lessons.

Little did I know that my life would be changed

when I trusted in Jesus as my savior.

Also 2 sisters and a cousin !!!!!!!

Montreal, Canada

All we listen to very many talkings concerning life of Jesus.

Finally Jesus having to just speak to Anzhua and grab on me!

To trust in Him !

Anzhua  
Kunming, China

I listened before to Bible talkings.

It was dum ass.

This talking is goodest.

Trusted in Jesus.

Beijing, China

I listened to the Easter messages.

I began to doubt if I was going to heaven.

Then I realized that **I WAS NOT!**

Thank God I got the clear message.

**FORGET RELIGION.**

**FORGET TRYING TO HAVE MY GOOD WORKS OUTWEIGH THE BAD.**

In desperation I trusted in Jesus as my Savior –

as did my 98 year old grandmother !!

**ABRAHAM SENDS HIS SERVANT  
TO FIND  
A BRIDE FOR ISAAC**

**Mysterious Working of Holy Spirit brings about  
the New Birth**

Lesson of Abraham, Isaac, Rebekah and the "servant" is absolutely beautiful.

I ask 2 to listen!

They asked copies !!!!!

Cambodia

I have been a student of world religions for many years.

My interests have been purely academic

as I have never been “religious” in any sense.

My searches led me to the study of Abraham seeking a bride for Isaac.

I expected to find some cultural information

concerning marriages in antiquity.

As I, along with a colleague listened,

we understood virtually nothing in the beginning.

However as the minister began to speak of “Holy Spirit”

I sensed something occurring within me.

It was indeed within me but it was tangible and real.

I almost was shivering.

My colleague said “I am getting an odd feeling”.

Then I began to understand what was being said !!

I re-listened and was indeed born again!

As was my colleague and her brother!

Seattle, Washington

Abraham - Isaac - Bride.

I listen.

Spirit come -- I trust.

Beijing, China

The message "Abraham sends his Servant to find a Bride for Isaac" is I believe  
the most powerful message I have ever heard  
about the mechanics of salvation.

I listened in fascination as, for the first time, I understood  
the mysterious working of Holy Spirit to accomplish the impossible –  
saving me !

Liverpool, England

The message of Abraham, Isaac, and Rebekah stirred my soul.

All of these messages do.

I don't know why this pastor is attacked so much !

North Hollywood, California

Is there any other pastor

who presents the straightforward Gospel with no additions ?

Seriously, just one ?

Is it any wonder that these studies actually lead to people being saved ?

## THE EASTER STORY

The crucifixion, burial, & resurrection of the Savior -- Jesus Christ

*Lessons #58 - 60 are from "The Life of Jesus" series*

The crucifixion, burial, & resurrection of the Savior

Praise Jesus!

I trust in Him!

Beijing, China

The wondrous Easter messages were so well received.

After our initial group listening,

we received so many requests to attend

that we were obliged to host 4 sessions,

for which the room was full.

Many trusted in Jesus as savior!

Iceland

This pastor is one of a very few worldwide who truly proclaim pure grace.

Almost all of my favorite teachers seem to be **BIPOLAR**.

One day it's all grace, unmerited favor.

Then the next message is "**GOD WILL PUNISH YOU**".

This pastor has never once lapsed back into legalism.

He faithfully teaches the Biblical truth of grace.

He always reminds us that we have God's favor -- 100% and all the time.

He always points us to Jesus and never to ourselves.

What a blessing.

And the pure message of grace leads to people being saved.

Thank you and God bless you.

Manchester, England

!!!!!! Jesus saved my own self

Shanghai, China

As part of my work at CERN I was doing some research on quantum mechanics  
in order to assimilate some of the disturbing new revelations.

My search led me to {Life of Jesus # 59}

"Jesus at the Cross - 'I Am the Tolah, not a Man' -  
A Moment can encompass all of Eternity,  
and Eternity can be contained in a Moment".

I opened the file with great amusement

but I was stunned at the quality of the presentation.

The professor clearly and precisely explained the new scientific phenomena  
and actually provided explanations which I had never heard before.

The credibility he gained led me to the account of the resurrection

which I had always assumed to be mythological.

I am now convinced that Jesus rose from the dead.

I continue to explore the other studies herein on the subject.

Geneve, Switzerland

I thank God for this wonderful ministry!

I can't stop listening to the messages!

Long-time listener in Switzerland

Wow. I found your videos on YouTube just in time.

I've been bad. Real bad my whole life. I felt like nobody loved me.

Actually I was right.

I have never been loved because I didn't deserve to be loved.

When I listened to every one of these messages I became full of astonishment.

I learned that Jesus really loves me!

He loved me so much He died for me.

He erased all of my garbage.

Now all I want to do is love Him and tell everybody about His love –

even if they hate me.

Who cares since Jesus loves me?

Miami, Florida

The Easter explanations change my life

because I trust in Jesus.

Hanoi, Viet Nam

"Abraham sends his Servant to find a Bride for Isaac"

This talker give good story!

Obviously the story is Jesus.

Shanghai, China

How moving.

The professor who introduced me to French Renaissance poetry  
has now introduced me, first to the Bible,  
and now to Jesus my substitute and savior!

Monsieur le professeur, je vous en remercie infiniment!

Paris, France

Thank you all dear ones for rescuing me from my religion and  
now I trust in Jesus alone for my savior.

Vina del Mar, Chili

The message of grace is so powerful.

I realized that I am free!

Free from any obligations to God because Jesus paid it all.

For the first time I am actually telling people about Jesus.

Thank you Mister Professor

and everyone who works to make these studies available!

## **8. NO-LOCKS & THE 2 BEARS**

### **WHY CERTAIN PEOPLE BECOME ENRAGED**

**WHEN PRESENTED WITH WHAT  
THEY *know* IS THE TRUTH**

The two studies of Great Stories from the Old Testament were stunning.

These stories came alive to me.

This teaching is something I have never heard before –

both the method and the power.

Holy Spirit resounds powerfully with this teacher.

London, England

Very interesting stories of the Bible

which show high esteem for Jesus.

Dubai

Compelling Bible stories indeed.

Jesus seems majestic.

Cairo, Egypt

I found my French professor on YouTube ! How exciting.

And he is still a marvelous teacher.

He made many Bible references in his literature courses so I am not surprised.

The two stories from the Old Testament are so good,

I, for the first time,

shared them with friends and family.

2 aunts, 1 uncle, 2 cousins -- all trusted in Jesus!

All praise!

Rio de Janeiro, Brazil

I happily discovered your YouTube channel then found your website.

The stories thrilled me.

(Masterful stories and masterful relating of the stories)

I was astonished to realize that

**MY RELIGION SERVED NO PURPOSE AT ALL.**

**I trust in Jesus alone as my saviour.**

San Jose, California

These story talkings making me to listen manifold times!

So excellent that I go to Jesus -- nothings else!

Beijing, China

These lessons shake one to the core.

## The focus on Jesus as savior

**HAS, I FEAR, BEEN MISSING FROM MUCH TEACHING.**

Thank you for the clear message of salvation.

Vatican City

Je vous en remercie M le professeur!

You were the favorite professor of my (present) husband

and encouraged me to enroll in your advanced French language course.

The 2 story lessons were masterpieces.

As a native French speaker,

you raised my language to a very high level.

(I thought you were born and raised in Paris!!!!)

And, now, thank God,

you raised me to heaven

where I found Jesus Christ and trusted in Him !

Marseille, France
