## November & December 2017

This professor was known for his fluency in several languages.

The Bible origin series could not have been possible without this proficiency.

The demonstration of the use of the apparatus was contagious.

Would he have any counsel for someone who would like to be able  
to navigate through an apparatus with deeper knowledge?

I would like to take some college courses but Greek is not available  
and I do not know which, if any, languages, I should consider.

My native language is Portuguese and my English is basically fluent.

I would like to explore these studies in greater linguistic depth.

Any suggestions would be most welcome.

All of the studies are excellent and interesting.

I was led to trust in Jesus as Savior many years ago through this teaching.

Joao  
Sao Paolo, Brazil

Joao:

The most efficient investment one can make for language facility is to study linguistics.

In the case of the Greek text and the apparatus, 2 semesters of linguistics would enable  
one to understand the sense of a given apparatus and to be able to follow the Greek text  
and understand the main points with the aid of a dictionary.

After 4 semesters of linguistics, one would be able to understand the entire apparatus and to read with some facility the entire Greek text with occasional reference to a dictionary.

In a broader sense, a knowledge of linguistics greatly facilitates the ability to be proficient in any language!

If at all possible, the systematic study of Classical Greek (as opposed to "koine Greek", which is not even a real language), even for one semester would be of enormous benefit.

The best dictionary of which I am aware, and fortunately is available online is the Greek Lexicon - Perseus Digital Library - Tufts University:

(<http://www.perseus.tufts.edu/hopper/resolveform?redirect=true>)

The definitions provided draw on a database of hundreds of years of Classical Greek literature.

I definitely do not recommend Vine's or Strong's. Both of them take great liberties with the definitions of the words. Both make "implications" about the word meanings. Their implications are normally completely gratuitous and very legalistic.

Johnny Tatum

I listened to the entire "Life of Jesus" presentation with first **DISDAIN**,

then **DISMAY**, then **delight**.

How could I have missed Him?

My Messiah was born 1 mile from my home.

More important, He died for my sins a few miles away!

Bethlehem, Israel

## THE INVISIBLE ENCOURAGER

***What's it going to take to turn America around?***

THE INVISIBLE ENCOURAGER restores Believers' Assurance

The presentation of God's Holy Spirit was the peak of my time at this website.

I have listened to many of the "Life of Jesus" and was overwhelmed.

This message stirred me almost despite myself  
to trust in Jesus as savior, as my substitute.

Marrakesh, Morocco

I am shocked and delighted at the same moment!

How could I have missed my Messiah?

Shock gave way to joy as I trust in my Messiah Yeshua of Nazareth as my substitute!

Tel Aviv, Israel

Oh Lord, please send Holy Spirit to rescue our nations.

This message thrills my soul.

Singapore, Thailand

The message of the invisible encouragement stirred my spirit deeply.

I am forwarding the audio to Christian media and to my friends.

This message has given me the best hope for the future of my country  
than anything I have.

Perth, Western Australia

I had the tremendous privilege of listening to the message of  
the Spirit of God descending with great power.

As I listened I was startled as I sensed power within me.

The power made me aware that I have worshipped the false gods of my culture.

Then as the man explained I understood totally that

Jesus is my substitute on the cross which I deserved.

I pray for the Spirit of God to work with my people as I tell them of Jesus.

Lagos, Nigeria

Xi Shi listened to the beautiful talking of the Spirit of God .

So Xi Shi asked if He would send me this Spirit of God.

It was a sensing of new light of understanding  
and then Xi Shi know that Jesus save me.

Xi Shi  
Dongguan, China

As I had listened to the study of Holy Spirit I was stricken.

**I WAS ON THE ROAD TO HELL!**

Fortunately the good news has arrived.

I had understood that I simply choose to trust in Jesus  
that He has carried my sins upon Himself  
and paid the penalty full for all my sin!!!

Merci prof!

Paris, France

The studies of quantum mechanics presented by this speaker  
consistently explains the intricacies with extreme accuracy and precision.

Above all, he presents the only ration explanation we have ever heard  
for the distressing data.

I am actually beginning to embrace a theocentric view of the universe.

Zurich, Switzerland

Powerful presentation of the Spirit of God and Jesus.

Tel Aviv, Israel

Ming Zi is so happiness.

Jesus like Ming Zi now.

Bao'an, China

Because of the wonderful expositions I trusted in Jesus as savior!

Next, every member of my family.

Finally our pastor ! !! !!! !!!!!!

Iceland

The lesson of the Spirit of God thrilled me and led me to listen to more.

Every one was interesting and engaging to me.

I decided to trust in Jesus as my only savior!

Mumbai, India

Thank you for the stirring message of Jesus  
who I understand and trust into at the present time.

Fes, Morroco

This is a very forceful presentation of Jesus  
which I challenge people to consider.

Cairo, Egypt

Blessed me for the marvelous talking  
which teach me to trust Jesus.

Hong Kong

The messages of the wheels of Ezekiel {Ezekiel – The Pantomime Prophet #1 - 4}  
led me to the throne of grace of my Heavenly Father  
and to Jesus who saved me.

Nairobi, Kenya

The presentation of the "Pre-history of the World" deals a substantial blow  
to existing models of pre-history.

I am grappling with these explanations which are difficult to ignore.

The religious presentation is forceful but very well-reasoned  
and one which I frankly appreciate.

Berlin, Germany

Praises!

I have trusted in Jesus for I (as my savior).

Hong Kong

*Letters continue on the next page . . .*

I have thoroughly enjoyed listening to the Bible origin series,  
which is tremendously important in that it provides  
the only scholarly presentation of the work performed by  
Lachmann, Tischendorf, Westcott & Hort, Nestle, Aland and Metzger.

The history and explanation of the process by which the New Testament autographs  
were restored was in danger of being lost until this series appeared.

The presentation is masterful and the knowledge of Greek  
including the ability to read the ancient manuscripts,  
is most impressive and worthy of respect.

Now I listened to the explanation of the "bematos".

After listening I began to read commentaries so that I could understand the issue.

I am not a theologian by any means. However, I can state unequivocally  
that the explanations of what the passages relating to the bema  
are exactly correct.

Now I am beginning to listen to the "Life of Jesus" (series)  
as He seems to be possibly more than a mere human.

ALL of these are very well done,  
which is why I continue to listen.

## **Globalists, Nationalists, & DELUDING INFLUENCES**

**POLITICS, GOVERNMENT, MEDIA, ACADEMIA, INTELLIGENTSIA**

Globalists, Nationalists, & deluding influences:

The most amazing and insightful presentation I have ever heard.

This lesson gives a clear explanation of what is happening

NOW.

Yet another message from this site to send to the media.

Phoenix, Arizona

Finally a clear explanation of the craziness today.

I heard a reference to the "Gospel".

The description of this concept is something I have never heard before,  
even after going to church my entire life.

Mexico City, Mexico

Globalists, Nationalists, & deluding influences: the study is as powerful as it is amazing.

The events of Ahab and his death are related in a masterfully presented story.

Thank you for the unfailing clear Gospel.

North Hollywood, California

Yet another blockbuster message about globalism.

This one is mind boggling.

How comforting to know that God our Father is directing everything –  
including the activity of Lucifer!

Los Angeles, California

The message on deluding influences is absolutely shocking.

At the beginning the concept sounded ridiculous.

However, as it unfolded the message of the Bible is absolutely clear  
as to the ultimate source of demonic craziness.

For those who have not listened yet, I won't reveal the source!

I have forwarded it to friends around the world.

So far the reaction is "shock and awe" -- AND comfort!

London, England

The new message of globalism and demonic influence was referred to  
on a radio diffusion.

I found and listened intently.

I was spellbound as I heard the only explanation I have ever heard  
about the insanity in government and media.

Incredibly, this message has been an outstanding means of sharing the Gospel –  
because the message is believable and people want a way out of the madness!

London, England

This incredibly talking about craziness of peoples is amaze!

I listened 5 time. After the 5, wow !

I have understanding ! !

Jesus giving me life forever.

Hong Kong

Every time a new message from Worldnet appears I see the results.

Praise God and bless you.

Ann Arbor, Michigan

## **December 2017**

The latest message on globalism has stirred up a lot of activity in SoCal!

I have actually derived more benefit from unbelievers!

The reason is that, despite the outrageous claims which are made,

the explanations make perfect sense

and they actually explain the craziness in the world today.

I have sent it to every local news media!

San Diego, California

Mr.Tatum,

Thank you for this timely (and, personally speaking, long-hoped for)  
expose on the Luciferian 'elite' !

Father in heaven:

Thank you for Johnny and each other!

Thank you for Jesus Christ my Lord and Saviour!

Continue to bless Johnny with boldness in exposing the works of darkness  
and especially preaching the gospel: that we are saved by just trusting  
in Jesus, Your Son's finished work for us at the Cross.

Also bless all the listeners and believers with Holy Spirit, Grace and peace.

Maranatha -- Come,Lord Jesus!

Amen.

Winnipeg, Manitoba, Canada

As I travel through the country I have observed that  
many have been blessed by these studies.

What is unique of these is that people listen,  
they are drawn in, and they are saved!  
The most recent lesson is shocking people into the truth!

Iceland

The new message of warning about the globalists opened my eyes in a startling fashion.

Such a strike to realize that I have been on the wrong side.

Very sobering moments as I listened and re-listened.

I also suspect I have been on the wrong side of religious issues.

Avignon, France

Very frightening portrayal of the powers of evil.

However the truth must be told.

This lesson exactly does that.

I am so relieved actually to understand.

And now I am most interested in Jesus.

Istanbul, Turkey

The shocking study of globalism and demons  
opened my eyes to what is happening.

It is a hard hitting expose  
and yet presented in a calm, systematic presentation  
which is devastating.

I am passing the link to the media.

Already I have received hostility –  
which proves that the information presented in the lesson is correct.

Brussels, Belgium

The newer talking of devilment in people astonishing !

I am so happy for Jesus' protection.

Wuhan, China

Praise be to the Eternal for bringing to light the powers of evil  
behind the globalist agenda.

I believe strongly that the powerful teaching is having a profound influence.

The Christian Bible is very appealing to me.

Jerusalem, Israel

*Thanking mister talker for opening up true account of evil spirits.*

Chengdu, China

*Qizahn to enjoy to understand spirits from hell trying to take control,*

*but thanking Jesus who protects Qizahn.*

Qizahn  
Huangshan, China

Thank you for the most insightful presentation of globalism and the evil one.

I have to believe that this message is having much influence -- all for good.

Thank you as well for the interesting studies of the Christian Scriptures.

Tel Aviv, Israel

The shocking message of globalism and deluding influences –

it is essential that every Christian,

or even every moral person listen carefully.

It is worth listening to this message

to hear the wonderful story of the demon and Ahab!

London, England

Wonderful and exciting Christmas messages.

Kyoto, Japan

The studies of Christmas are so incredible.

I have listened carefully to each one more than once.

Riyadh, Saudi Arabia

Finally to learn the meaning of Christmas.

Not jingle bell, jingle bell.

Actually the birth of Jesus !

Excitement !

Nanchang, China

The messages of Christmas touched me profoundly.

I fear that religious people are missing the meaning of Christmas.

**Jesus DID NOT COME TO INSTITUTE A RELIGION**

but to die for our sins

and provide a relationship with Him by faith.

Cardinal Martini enthusiastically endorsed all of these studies.

Vatican City
