

Letters of Gratitude for the Christmas Messages

December 2015 – January 2016

I was privileged to study in the US as a grad student.

During those years I was friended by many Christians.

I went to church and attended Christmas parties.

I often heard that we should remember the true meaning of Christmas.

I was amazed that I never heard clearly and specifically what is the true
meaning of Christmas. Never.

I returned home and was drawn to the website by the remarkable history lessons.

{History of the World – Past, Present, Future}

I revisited the page recently and saw the series of Christmas messages.

I listened to each and drank in the words.

Now I know what is the true meaning of Christmas.

Christmas is the birth of my savior Jesus!
