

Letters to Worldnet Grace Ministries

March & April 2014

Note: Some of the letters below make references to our having sent out mp3 players with our messages stored on them. We would like to clarify that we have not sent out any products or materials, nor do we have the resources to do so. We are indeed very grateful for those anonymous donors who are providing these items and not taking the credit for their generosity.

I rarely take time to write messages such as this. After listening to your study on quantum mechanics in relationship to cornerstones, I felt compelled to applaud you for this brilliant work and engaging presentation.

{Life of Jesus #52}

It was so intriguing I listened to the lesson {Life of Jesus #59} with the caption:

"A moment can encompass all eternity, and eternity can be contained in a moment".

That has become my mantra.

You are the first religious speaker with credibility. I intend to explore your more spiritual talks.

Best regards!

Michigan

Your messages make my day. Every day.

"A moment can encompass all eternity, and eternity can be contained in a moment."

Elegant, rhythmic, and accurate. Very thought provoking in many ways.

{Life of Jesus #59}

Oregon

I was on the brink of getting a dishonorable discharge just to get out of here. I opened up the iPod and listened to the story about Daniel and the angel.

{Pre-history of the World #14}

It made me a different man. Now I face the day with peace and courage. And most important I AM a new man because I believed Jesus died for my sins and I'll be in heaven.

Dear blessed friends,

I have been praying for my husband ever since I was saved 20 years ago. He's a noted physicist and cosmologist. Also a confirmed atheist. He began to listen to your messages on Albert Einstein and on quantum mechanics and enjoyed them immensely.

{History of the World #s 53 & 54}

The cornerstone lesson finally hit him. {Life of Jesus #52}

He listened twice at home, then made a copy and listened as he drove to his office.

He has come full circle from atheism to professing Jesus as his savior! Praise God! And blessings to you!

"A moment can encompass all eternity, and eternity can be contained in a moment."

Almost magical. Excellent presentation.

{Life of Jesus #59}

Virginia

Thank you for the lesson on Peter being restored. It really cleared up my thinking.

{Life of Jesus #61}

I also was deeply struck by the lesson explaining how we are never out of fellowship. That understanding just drives me to Jesus.

I haven't listened to any of your messages. The titles alone reveal you as a false teacher.

Johnny's reply:

I would like to refer you to a portion of Scripture which provides guidance on how to perform fact finding:

Acts 17:11 (NASB):

Now these {i.e. the Bereans} were more noble-minded than those in Thessalonica, for they received the word with great eagerness, examining the Scriptures daily to see whether these things were so.

The Bereans were verifying what Paul was teaching by looking at the Scriptures, not glancing at the Table of Contents

pure garbage. worthless. **Anonymous**

Johnny's reply: I know. That's why I stopped watching television.

It took me about 10 lessons but I got it. Jesus died for MY sins. He is my savior!

Saved in the desert.

USM

Thank you for these messages.

They give me peace so I can sleep and they give me strength to endure the day.

USM

Dear friends,

I have so much to tell you. I, as my father, was a witch doctor. I thought I could discern the good spirits from the evil ones.

By the mercy of God I found your studies on Ham and began to listen. I was enthralled.

{History of the World #s 4-6, 8, 9}

As I listened more, the good spirits turned against me with violent rage. I lived in terror. I learned from you about the powerful forces.

{Pre-History of the World #s 13 - 15}

They surrounded me and my family so we fled to _____. Our needs are being amply met as we decide our direction. Blessings be upon you.

Africa

Greetings and salutations from _____.

The blessed God saved my life from power of evil.

Africa

Thank you for the excellent introduction to 1 Peter. {I Peter #1}

I've never really gotten into that book because it looked so dreary.

I love it when you break down the meaning of the words in the original. The passages do, as you say, explode with meaning.

"A moment can encompass all eternity, and eternity can be contained in a moment."

Brilliant.

I enjoy all of your studies and am looking forward to your analysis of the recent discovery of gravity waves. You consistently offer fresh perspectives.

Your religious teachings are also interesting.

{Life of Jesus #59}

California

Wow. What a generous gift. I could not believe it when I opened the box and saw the mp3 player.

And these messages. Are you kidding me? These are awesome.

Whoever would have thought I would find my savior 6000 miles from home!

USM

So you have now decided to openly attack a respected Christian pastor?

Anonymous

Johnny's reply:

I remember exposing false teaching. I do not remember attacking a person.

{I Peter #1}

I am revolted by the music you use on your website. It's a gallery of sinners.

Anonymous

Johnny's reply:

When I read your email I was deeply convicted that you are correct.

I will remove them all if you can help me.

I need you to compile a list of singers who are not sinners. Once you send me the list I will replace all the others.

Thank you for compiling this list and for taking the time to write.

April 2014

These lessons are the best. I listen faithfully every day.

USM

Great job explaining the slit experiment. {I Peter #2}

Your integration with the religious aspect was most unusual but interesting.

New York

My name is Grace but I never was knowing what is the meaning.

I have listened most intently to these many messages and have learned that Jesus does yes live, and he has saved me.

Hong Kong

I was raised in a family of atheists. My father is a distinguished and fairly well known scientist.

I was saved by listening to your "Pre-History of the World" lessons. (They were fascinating). Of course he thought they were nonsense.

Last week I asked him to listen to just the end of the lesson where you were describing the experiment with the two slits.

{I Peter #2}

He said that your explanation was very well presented and very interesting. So I asked him if he would listen to the entire lesson where you described how eternity can be contained in a moment.

{Life of Jesus # 59}

Your clear presentation of the Gospel hit home. He is now a believer in Jesus. Praise God!

USA

gracious thank you that you surely did tell me and so clear of the man Jesus also being God. yes I believe that he did die for my misdeeds. and now I have new friends I will greet warmly in heaven

Macao

Pleasant greetings from_____. I want to inform you that I have been rescued from the darkness of the devil and his demons by the power of the cross of Jesus! I look forward to building on that solid foundation. Thank God I have your messages. I have no other source of truth.

Africa

Dear friends at Worldnet,

I am an American living in Milan, Italy for several years. I have been praying for my mother and father in law to be saved for years.

I have been blessed beyond description by your messages. I was looking through the site and was thrilled to find a clear, simple, very well written Gospel presentation in Italian!

Two weeks ago my mother in law was saved. Then a couple of days ago my father in law!

She has already started stirring everything up at her church. I love it. May God bless you.

Your lessons are just the best. I knew it was for real when I deleted my ZZ Top music to make room for more.

USM

Your insights into quantum mechanics have been very intellectually stimulating.

{ I Peter #2; Life of Jesus # 30, 42, 52, 59; History of the World #s 53, 54}

Do you intend to address the recent gravity wave findings? I would be interested on getting your perspective.

Regards,
Germany

I've never really explored I Peter because it seemed so dreary and tedious. You have brought it to life.

I have been so blessed to discover the truth about the Blessing Place of Jesus. God bless you!

{The Blessing Place of Christ series; History of the World #58;

Looks like you think you have some secret source of all the knowledge of the universe. Ridiculous.

Europe

Johnny's reply:

Yes indeed I do. However, my source is not secret. It's called "The Bible". With every lesson on the Internet there is a handout which includes all the passages to which I have referred.

My friend, I hope you keep listening and that God reveals to you what is making you so angry.
