July & August 2013

Note: Some of the letters below make references to our having sent out mp3 players with our messages stored on them. We would like clarify that we have not sent out any products or materials, nor do we have the resources to do so. We are indeed very grateful for those anonymous donors who are providing these items and not taking the credit for their generosity.

Hey new buddy, I gotta tell you what happened. I was telling my buddy who cares if we die and go to hell. Hell couldn't be any hotter than this. So he says no way man. Hell won't be anything like this. This is like heaven compared to hell. So he gave me his ipod and told me "listen to 76". *{History of the World #76}* He kept nagging me like an old woman. So I finally gave in and listened. Man was I scared. Doing some serious sweating. Hell is much worse than I could have imagined. I was so relieved when you explained how to not go there. I believe Jesus died for my sins and failures. Buddy, I'm going to heaven no matter what happens out here.

I had the pleasure of listening to your presentation about early civilizations and the fossil record. *{History of the World #s 8 & 9}* I found it to be extremely thought provoking. You set forth a powerful case against evolution as well as a compelling explanation for the fossil record.

I don't know if you have relationships with these other Christian "apologetics" groups. If you do I hope you tell them that this is the way to communicate with scientists.

My intention is to explore your other studies

Hey guys. The ipod was such a great present. And these messages are great. Keep me laughing, listening, and praying.

Hello brothers and sisters,

Greetings in the Name of JESUS. I have visited your site and found a great spiritual knowledge in it. God has blessed you with His Spirit. This knowledge is life saving. This knowledge showed me my savior Jesus. Thanks be to him.

I shared the messages with so many and thanks be to him we have translated the lessons of Ham in SWAHILI and local language and many like me have come to have Jesus as savior. {History of the World #s 4 - 6}

THANK YOU!!!!!! I have never heard teaching like this. Verse by verse, word by word. The scripture does indeed come alive to me.

Do you have a radical grace teaching church in the Burbank, California area?

California

Johnny's reply: Thank you for writing. The Word itself has the power to speak to our lives as we read and absorb the message. I would suggest you try the Calvary Chapel in Glendale. We don't have any affiliation with them but they are normally grace oriented.

Dear pastor,

Your messages have touched me deeply. They bring me daily joy at a place and time where otherwise there is none.

I've been searching for a way out of this place but found more. Your lessons showed me the way out of hell, which is where I was headed before I believed that Jesus died for my sins. {History of the World # 76} Oh, I still do want to get out of here. Ha Ha

USM

Can you answer: Who? What? When? Where? Why?

Johnny's reply: Yes.

Who: Jesus

What: The Cross

When: April 4, 31 AD

Where: Jerusalem, Mount Calvary

Why: For your sins

So, you covered who, what, when, where, why.

But you omitted the most important: "How?"

As in, "How do we get out of here alive?"

Unfortunately life is not a riddle. There is only one answer:

The only way out of here alive is to trust in Jesus as your Savior,

to believe that He died for your sins.

Sorry, no punch line.

How for this to say i have jesus to suffer so and die only for me

Wrestling trying to understand grace and the New Covenant from a Law and performance mentality. Want to understand Romans 6-8 and walk in victory and live the victorious, overcoming life in and of and through Jesus.

Please pray for me and for my eyes and understanding to be opened to grace and the New Covenant and how to appropriate it by faith. Thank you and God bless you.

Johnny's response:

Please listen to or download the audio study #43 in the "History of the World" series: "Church of Sardis, Part 2 -- Calvin's 3rd Use of the Law: Sermon on the Mount -- Spiritually Bankrupt & Perfect" at RadicalGrace.com

Also I would suggest that you download the handout and follow along. I believe it's what you need to hear at this point.

May God bless you!

Receive greetings once again from pastor _____ in Cameroon. Thank you for the Spirit filled work you are doing in the Lord. Praise His majestic name, the name above all names. I remember you constantly before the throne of grace.

Demonic teaching and practice are sweeping across the area. Your studies are a powerful antidote. You are speaking Bible truth in a most winsome manner. This is very appealing to Africans.

Greet all of the brothers and sisters there and please, accept our gratitude for your teachings which are virtually are only resource.

I want to commend you on your excellent presentations of the new discoveries in physics. I admired the presentations on quantum mechanics and relativity. *{History of the World #s 53 & 54}* I found them to be immensely entertaining and presented in a manner in which the layperson can understand it, but it is not dumbed down.

I particularly enjoyed the recent study of the Heisenberg principle. *{Life of Jesus #30}* Yes indeed, as you pointed out, that principle is extremely frustrating. Your spiritual insight was very thought provoking.

I would like to add that many of us are listening to you. We do not always agree with you but we listen with respect for two reasons: you understand math and science, and, even though you are sometimes critical of scientists, you understand what we are saying. You do not misrepresent us.

Great job. I look forward to more.

I'm gonna have a hard time explaining. I'll just say I was at rock bottom. Seriously, hoping I'd get shot.

I overheard a guy listening to your lesson about what's going to happen with the next world war. *{History of the World #s 56 - 69}* It was so interesting I asked the guy to turn it up. I was thinking what does this mean for me. Thanks God and Jesus you explained what I had to do. Just believe that Jesus died for all of my sins which were a bunch and bad. NO matter now they're all forgiven and gone. Sure don't want to get shot now but if I do I'll see you in heaven.

USM

Great messages. I listen every single evening.

USM

I hope God blesses you with abundant favor. Your studies have brought joy into my life in a place where I thought there would be no joy.

USM

I have to tell you the unbelievable thing God did in my life.

I've always said I was an atheist. I really wasn't. I was just mad at him. Guess because I've frankly been mistreated for years. I lived out on the street for a while just to get away from the human race. In my mind everybody was crazy or just mean.

So one day I'm really mad. I tell God "if you can explain to me why people are so evil and insane then I'll talk to you". Same day I go to this farm where I go all the time to get some fruit and vegetables. The guy drops an mp3 player in my bag. I saw him do it but didn't pay attention. So I get home and notice it has a label "radicalgrace.com". So why not I go to the computer. Typed it in. Sure enough radical grace comes up. I'm kind of indifferent so I push page down. Then I almost went into shock as I look at the page and the first thing I see is "Why are people evil and insane?" *{Life of Jesus #9}*

Stunned, I started listening. You answered all the questions I'd ever had about God. I called my pals and cancelled all weekend parties and holed up listening to the whole series about the life of Jesus. By the time I got to Nicodemus I was saved. *{Life of Jesus #19}* What a relief to know I'm heaven bound just because Jesus died for my sins.

May God bless you for being his vehicle to speak to me!

California

Here's a salute to you for introducing me to Jesus. I joined the army because I thought it was the right thing to do for my country. Never dreamed that would be the way for me to have everlasting life.

USM

Wow. What a blessing the ipod has been loaded with wonderful messages. I feel like they're addressed to me personally. Words can't describe how much I depend on them.

Outstanding lectures on quantum mechanics. How I wish that other religious teachers would provide similar cogent studies. {*History of the World* #s 53 & 54; *Life of Jesus* #30}

We physicists are dumbfounded by what we're finding. Particles don't have identity until they're observed. Decisions apparently ordained in the future impact the past. Past, present and future seem to be predetermined. You correctly summed up these dilemmas. I and many others are very receptive to any insight to explain these phenomena. Your explanations consistently fit the facts. Thus I am exploring your other studies with keen interest. Your description of hell being explained by quantum mechanics was, I admit, troubling. Perhaps that's good.

Bless to all for Jesus savior of me

China

Greetings,

I don't believe I've ever listened to an entire Christian lesson in my life - and with good reason. None have ever stirred up the slightest interest. I was Googling to find some information about quantum mechanics. Specifically I was looking for some fresh ways to present such a complicated system of conundrums.

Your site kept appearing under various word searches so I assumed that indicated a heavy volume of traffic. I was frankly bemused when I saw that the site was religious in nature. But why not? So I listened to your lessons on Einstein, relativity, light, and, of course, quantum mechanics and I was extremely impressed. {*History of the World* #s 54 & 53}

I'm not embarrassed in the least to say that not only did I get some excellent methods to present the material, I also learned a great deal about the entire quantum scenario.

Great job. I believe I will explore your *History of the World* series. Looks fascinating indeed!

I never email stuff like this but I have to.

I used to be semi-productive but for years I've been a panhandler living on the street. I've had an intersection I worked but they all got wise to me so I split. Headed to a new spot and passed through some houses. Guy was out washing his car. I hit him up for a few bucks. Said he'd pay me 25 bucks to finish. I was broke, so ok, but didn't want to. Just wanted some cash. But ok.

So the guys in the garage. Got this laptop open and he's listening to something. I'm sort of listening but it's kinda interesting. About the 3 wise men. *{Life of Jesus #7}* I thought this is weird. Ain't even Christmas. But I was getting into it. Then it was explaining how God meets people where we are. We don't have to improve to get to him. He comes where we are.

I finished and asked the guy was that a preacher? He said yes but not like you've ever heard before. I said I wish I could hear some more of that preacher. The guy starts to write the website. I said I don't have a computer or anything. Ok you ready? Guy gives me the computer. Ok. Long story short. That was like 2 months ago. I got saved.

Jesus got me a job-- with the guy who gave me the laptop!!!! Got an apartment. I'm telling everybody. The old street gang. Everybody. I got back in touch with my mama. She prayed for years. She's so happy. Praise god.

Also I love the music. Especially Dylan. And Doobie Brothers. Also Chuck Berry

What amazing teaching. This is a totally new type of Bible exposition. I love following the text anticipating how you will open up each verse. The Scriptures themselves, as you have said many times, contain the power. Thank you for unlocking it and showing us how to apply it! This type of teaching is not available anywhere else.

Blessings!
