## 2024

Stavo ascoltando il dibattito sulla Sindone di Torino. (Radio Italia – 29 aprile 2024)

Quando ho sentito che sarebbe arrivata una terza persona stavo per spegnere la radio.

Quando ti è stato chiesto se trovavi interessante la discussione

e hai risposto, "per niente, anzi mi annoio fino alle lacrime",

ho riso di cuore e ho deciso di ascoltare.

Le tue parole mi hanno cambiato la vita.

Ho capito che Gesù è risorto dai morti come prova che è morto al posto mio.

Lui è il mio salvatore. spero che offrirai alcuni studi biblici in italiano!

### Translation:

I was listening to the debate concerning the Shroud of Turin. (Radio Italy -- April 29, 2024)

When I heard that a third party was coming on I was just about to turn off the radio.

When you were asked, "Did you find the discussion to be interesting?",

and you replied "not at all, in fact I'm bored to tears".

I laughed heartily and decided to continue to listen.

Your words changed my life.

I realized that Jesus rose from the dead as the proof that He died in my place.

He is my savior.

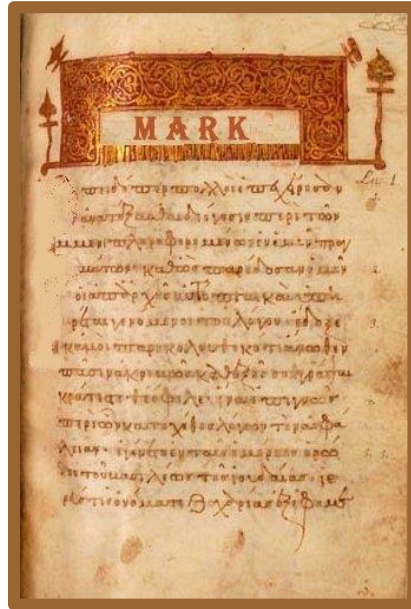

I hope you will offer some Bible studies in Italian!

## **1. Introduction to Mark**

### ***Jesus: Messiah, God, The Perfect Man, the Servant***

I was delighted to see a new Bible study posted.

This site is my lifeblood.

Every teacher in the world except this one lapses away from grace.

I was saved listening to these lessons.

Then my children

And now after listening to the fascinating introduction to Mark,

my husband is now saved.

I hope more is to come !

I love the local Sunday morning radio program very much.

The teaching is fresh and full of life.

I was saved by listening to this Bible study !

I was saved by listening to these radical grace studies.

I had attended a so-called evangelical church for years  
and never heard the Gospel.

Now I feast on these studies.

The teaching is never condemning

but rather it is always full of God's mercy and grace.

I devour every new study.

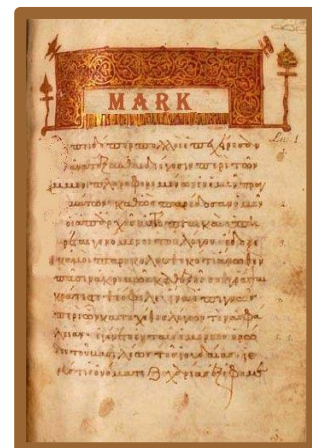

The introduction to the book of Mark was fascinating.

I hope that you will keep posting new studies.

## **1. Introduction to Mark**

***Jesus: Messiah, God,  
The Perfect Man, the Servant***

I started listening to the radio station (87.9 FM)

because I love the bluegrass music which is sublime.

I became hooked,

and after a few weeks I trusted in Jesus as my savior!

I trusted in Jesus as my savior as I listened to these studies years ago.

I began to invite people to my home to listen to the introduction to Mark.

The guests, all unbelievers, were fascinated by this study.

All are looking forward to additional lessons !

CITY of PERTH

J'ai eu la chance d'être à Paris pour les Jeux olympiques.

L'événement le plus important de ma vie s'est produit lorsque j'ai été invitée  
à une réception organisée par une personnalité française des médias.

J'ai ensuite entendu un exposé détaillant les prophéties bibliques relatives à l'Europe.

J'étais stupéfait en écoutant.

“Le Future Sauveur de l'Europe: Christ ou Antéchrist? “

J'ai compris que je devais faire confiance à Jésus comme mon sauveur - ce que j'ai fait.

Je sais qu'il est mort pour mes péchés.

Le professeur est phénoménal.

#### Translation:

I was lucky enough to be in Paris for the Olympic Games.

The most important event of my life occurred when I was invited  
to a reception hosted by a French media personality.

I then heard a presentation detailing Bible prophecies relating to Europe.

I was stunned as I listened.

I realized that I had to trust Jesus as my savior - which I did.

I know he died for my sins.

The teacher is phenomenal.
