It was very beneficial because it drew me to the Bible where,
with your excellent explanations,

I have found the truth of Jesus -- trusting in Him as savior!

So now I am reassured as to the future.

London, England

À la télévision d'Europe 1 ce soir, les commentateurs ont fait référence à votre leçon
sur l'Antéchrist, l'homme maléfique qui est sur le point de surgir en Europe.

Ils ont déclaré à l'antenne que vous aviez fourni une mine d'informations,
ce que vous avez certainement fait

J'ai écouté deux fois et je continuerai d'écouter jusqu'à ce que je comprenne mieux
la confiance en Jésus comme sauveur.

Vous parlez comme un Français!

LUCIFER LOOSENED --> ***Universe in Chaos***

Restoration of the Earth in Six Days

Powerpoint Slide Show: Beauty and Catastrophe in the Universe

Closing music: Gustav Holst, The Planets - Jupiter

The new study "Lucifer Loosened --> Universe in Chaos" is superb!

It answered all of my questions about the Universe!

All of them! It makes perfect sense.

I had no idea that the Bible has all of this information.

Maybe I'll open one if I can find one.

In the meantime I will continue to listen to more of your studies.

Bernie -- Miami, Florida

Bernie, thank you for sharing your excitement about discovering answers to your questions about the universe.

Not to worry -- even if you don't own a Bible, you can download and print out a handout for each lesson.

The handouts list the verses for each particular lesson, including translation corrections. Later, when you do possess your own Bible, make those corrections in the Bible text and watch how the passages just seem to come alive for you personally.

May God continue to bless you as you study His word!

Connie Tatum

The YouTube video "Lucifer Loosened -- Universe in Chaos" explains everything perfectly from the beginning of the universe through the present and to the future.

Now it all comes together, including the state of the Universe now!

The religious aspects are new to me, but they seem to hold everything together.

New York

The new YouTube podcast is fascinating.

As I was listening I felt that I had tapped

into the history of the entire Universe

in a way that explains everything we see!

The Biblical teaching is new to me, but very welcome.
